

OEM Replacement Systems

Optimized replacement lubrication systems that match OEM mounting specifications

Gain the benefits of a modern, optimized, fail-safe lubrication system with a replacement that closely matches the existing system footprint.

- Matches your existing system footprint for easy installation and cost savings
- Locates key components on an accessible bracket to simplify preventative maintenance and troubleshooting
- Full featured, fail-safe lubrication systems with options for monitoring and no-flow alarm
- Optimized system design for maximum lubricant efficiency to reduce costs

OEM systems available for: Ariel, Ajax, Clark, Cooper, Dresser Rand, GE/Gemini, IR/Ingersol Rand, Joy, Siemens, Worthington, White Superior, and many others.

Ordering Information

Our OEM replacement systems are designed to match your existing equipment. Contact our team at Sales@SloanLubrication.com or 800-722-0250 to find out which system is right for you.

To assist in this process, please provide as much of this information as you can.

- Equipment type
- Equipment sizing / number of delivery points and rates (if available – if not, contact us and we can help calculate the volume of lubricant required)
- Number of lubrication zones
- Area classification / voltage requirements
- Installation environment
- Controls / automation details
