

How expensive is downtime?

Never find out with the **Sloan Service Plan** from Sloan Lubrication Systems. Let us show you the value of peace of mind.

Service Plans

Benefits

- Extended warranty
- 10% discount on parts
- Low upfront cost
- 20% discount on service

Is the condition of your compressor lubrication systems keeping you up at night? If you have not tested your divider blocks in the past year, then it should be.

Time and time again, we find the number one cause of system failure is deferred maintenance. A properly maintained lubrication system fails safe protecting your equipment. When maintenance is not performed, that ability is compromised..

If you are not certain about the integrity of your lubrication systems, a Sloan Service Plan might be right for you.

Plant operations have undergone a major shift. Managers are challenged to do more with fewer employees, leaving critical preventative maintenance tasks unaddressed. There is never a good time for a downtime. With Sloan Service Plans, you can be confident that we are conducting complete maintenance and fully testing your lubrication systems. Talk to our experts today about the Sloan Service Plan that is right for you.

SLOAN SERVICE PLANS

Service Plans

Choose from our two-year or five-year plan to cover your equipment.

Extended Warranty

Sloan Service Plans extend your warranty on Sloan installed systems for the life of the plan plus one year after the date of the last service, for guaranteed reliability and increased peace of mind.

Annual Preventative Maintenance Visit

Let the Sloan Team put their hundreds of years of collective experience to work keeping your lubrication systems in top form. Our annual preventative maintenance visits take the guesswork out of lube system maintenance and ensure trouble-free operation for years.

Annual System Health Report

Keep track of the health of your compressor lubrication systems and avoid unplanned maintenance. Our team will provide you with a system health report after each service plan visit.

20% Discount on Service

Pay significantly less for your service plan preventative maintenance visits.

Locked in Service Pricing

Service Plans “lock in” your service pricing for the life of the plan. Parts and mobilization are not included.

10% Discount on Parts

Save money on parts purchased for your regular preventative maintenance.

20% Discount on Training Classes

Keep your team up to speed for less with our discount on lubrication system training classes.

Prioritized On-Site Emergency Service

Our customers benefit from prioritized service should any unplanned emergencies arise.

Rapid Ship Components

Should a situation arise that requires replacement parts, we rapid ship components to Service Plan customers.

SINCE 1922, AND NOW FOUR GENERATIONS OF FAMILY, SLOAN LUBRICATION SYSTEMS HAS BEEN THE LUBRICATION SOLUTION FOR RECIPROCATING AND ROTARY EQUIPMENT. WE INSPECT, INSTALL, TEST, TRAIN, AND MAINTAIN YOUR COMPONENTS TO ENSURE OPTIMAL PERFORMANCE FOR YEARS TO COME.
